New Years Games

Visits with Romeo and Keota

Trips to the museum to see the Christmas Village Display

Puppy Love

January we welcomed in 2024 and have been busy ever since. Of course we sang to music and welcomed a new entertainer this month, Rick Guldenaar. We had the opportunity to go to our local museum to check out the Christmas village collection and all the other fun things they have there. All of our pet therapy animals visited, including some puppies too. Games kept us occupied on the cold days. We love playing bingo, enjoyed hangman and crazy eights too. We are all looking forward to February and hope the groundhog does not see his shadow!
