

January 2025 in Pictures

We all loved seeing the 80s display at the museum!

Non Booze and Tattoo's was a hit!

A nice crowd gathered to "travel" to Winterset Iowa to the John Wayne museum

Amazing how fast time flies when you are having fun! January was a great month at our home. Many took the opportunity to go see the 1980s display at the museum in town. It was a great excuse to explore the other items in the museum as well. Some enjoyed a movie matinee, went shopping and played games. Big crowds gathered for the Drum Circle, live music, coffee & conversation, tea & trivia and visits with BRUTUS. We tried our first ever share your talent and hobbies show that was a big hit. Many residents got to show and tell their hobbies or past and/or current pursuits. I failed to take pictures as I videotaped it and put the show on our in house TV channel so everyone had the chance to learn about their neighbors. We got to see artwork, read inspiring articles of the past, listen to guitar playing, admire quilting and crocheting projects, learn about owls and listen to songs. It was so neat and we will definitely have to do it again! We ended the month "traveling" to Winterset Iowa and getting a tour with facts and videos about John Wayne.
