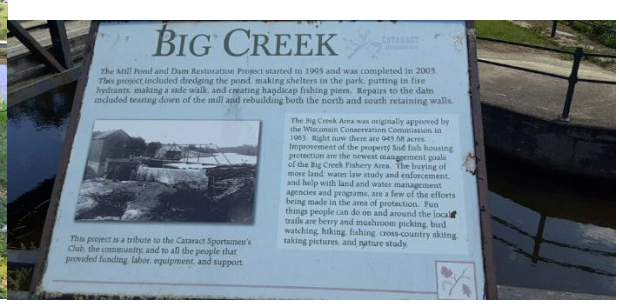
June captured in photos

Fresh air with music, conversation and sunshine!

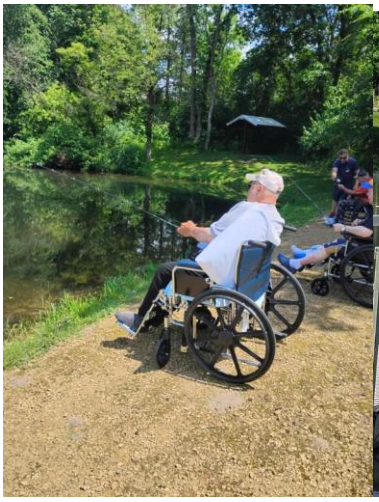
Bingo with a girl scout

Took a “Trip” & learned about Germany; even tried some food thanks to our volunteer who is from there!

Morgan Revels came to share how she makes and sells ice cream for dairy month



Fishing in Cataract



Summer Patio Party with yard games, a food truck and music

We sure took advantage of all the good weather this month! Many spend time in our courtyards on their own, but we also planned and did some spontaneous trips outside too. We also enjoyed some educational programming. This month we "traveled" to Germany, getting to taste food and see items from Germany. Then, Morgan Revels came in to talk for June dairy days about the ice cream she makes and sells at St. Mary's Distillery. Our assisted living homes had a summer patio party complete with music, a "food truck", games and the sun. The nursing home will have a summer courtyard party in July. One outing that we all enjoyed this month was going to see the newly remodeled Sparta library. Here is hoping the rain stays away next month so we can get out on the pontoon too!
