

July Captured in Pictures

July we tried to spend as much time outdoors as possible! We had fun going on pontoon rides with NASA on lake Tomah, going for bike rides, having ice cream at Rudy's, spending some time at the Monroe county fair, going to a concert in the park and having a courtyard party. We have enjoyed watching our garden grow and eat the rewards, listening to a new couple sing called Musical Memories, playing games and of course visiting with all our furry friends. We hope you are enjoying your summer like us. -Linda
