Sparta Floral visit

Pet visits are the best!

February sure has gone by fast, but we had lots of fun. Many had the opportunity to go to Sparta Floral to see their "zoo" and take in floral sights and smells. The Sparta High School Jazz choir made their rounds singing Valentines to us and they are truly talented. A few of our couples in the home were interviewed for Valentine's Day and became famous in our local paper. Some of us had fun answering Olympic trivia or learning some fun facts while many of us could be found watching them on tv. We also had an author come and talk to us too which was educational.
