

Picture recap from June 2026

Bike Rides always bring smiles

Great Concert in the Park this month

Live music brings large crowds

Summer gets us out at Rudys and the pontoon in Tomah too

The summer months always seem to fly by, but we sure do have fun! This month we had some new live music, enjoyed many outings (concert in the park, Rudy's for ice cream, scenic drives, pontoon rides and fishing) and even got out on the bike. We appreciate all the visits, calls, meals and time spent with each and every one of you. Next month we are excited about picnics, pontoon trips and some more new live music. Enjoy the 4th of July!

If ever you have some free time and recognize weeds, unlike me, we would love your help keeping our home look great.
