

September in Pictures

Pet therapy visits always bring smiles

Great weather for bike rides!

Bingo and music draw big crowds

Commercials and slogan reminiscing time

September was another busy month filled with laughter, friends and great times.

We enjoyed a variety of live music to sing along with, played many games including football races, reminisced about old commercials and slogans and had fun watching them on You Tube as well and had a great time getting fresh air on walks, bike rides and patio times. The assisted living homes celebrated assisted living week with special breakfast served up by activity staff. It was a great thank you for choosing our home to live. We all went back to school through pictures, stories and song. SAILS from the Sparta school district came to help us with crafts and jams too. Many went out to shop, including stopping to pick up apples to bake too.

Now we are looking forward to Halloween. Feel free to join in the fun and bring a decorated pumpkin to our courtyard too.
